

Addendum - ADViSE Project Manager

The post holder will be responsible for leading and promoting the ADViSE project, to build and maintain effective relationships within sexual health clinics. To provide training for clinical and non-clinical staff teams understanding, recognising, and responding to domestic abuse (DA). To encourage clinical staff teams to ask patients about their experience and provide ongoing specialist advice and support around DA to referred patients. The post holder will manage a team of staff within the ADViSE project. This will involve overseeing all aspects of operations working collaboratively with internal and external partners to enable the achievement of PTMWA's Mission, Vision and Strategic Plan.
